

Letter of Reference Form

Bio Boot Camps 2017

To be filled out by a teacher, youth leader, or other mentor with no relation to the student and sent in separately by that person. This is a required component of the application. Without the letter of reference the application will be incomplete and thus not considered. *The application due date is March 31, 2017.*

Name of student:

Student's city/state:

Please comment on how an entomology and wildlife camp would benefit this student and how they interact in a group setting with their peers.

Your name:

Your title or position:

How do you know this student?

For how long have you known this student?
